

Fcc, I am a Christian and I would like to continue to listen to Air1 (89.3) in Las Vegas NV. I am not pleased by the other stations here in this town. They are aloud to use profanity and I choose not to talk or listen to that kind of talk so I choose Air1. Air1 is great for providing my kind of entertainment, without the bad words. I have a 2 year old that repeats everything he hears. weather it is radio or tv or a person. So please keep air1 on the radio for me and the people of my community that choose not to listen to the other garbage! Thank you Nikki L. Anderson
